

ABE 290

Industrial Roundtable Homework # 3

ABE 290 Students:

I am writing this email to remind you that next week we will **not** have class at the scheduled time but that you will be required to pick an Industrial Roundtable seminar to attend on Monday and or Tuesday and then do the **req'd write-up HMK #3** on what you learned similar to the required class homework assignments. Be sure to indicate which seminar you attended and what you learned and how your resume and interview skills helped in the process or not. The schedule of seminars is linked to the ABE 290 Blackboard site for Week 4 of Class.

If you have any questions please feel free to email us,

Have a great week,

Vince and Mike
